Features
• Robust steel tube frame.
• Insulated tank to prevent sweating.
• Large flush actuator plate opening can be removed for easy access to the inner tank.
• Adjustable height allowing the bowl to be set anywhere from 15-3/8 inches to 28-1/2 inches from floor.
• Dual flush actuator offers a choice of 0.8 or 1.6 gallons per flush (gpf).

Technology
• Dual-flush technology allows you to choose between a full- or partial-flush.

Installation
• Durable steel frame carrier is installed on 2"x4" studs behind the wall. See installation guide for more detailed information.
• When installed per Kohler's installation instructions, the Kohler in-wall tank and carrier system can support up to 880 lbs without damage.
• Supply line not included.

Water Conservation & Rebates
• WaterSense® toilets meet strict EPA flushing guidelines, including using at least 20 percent less water than 1.6-gallon toilets.
• Eligible for consumer rebates in some municipalities.
