Turning showering on its head.

**The new way to shower**
When was the last time you played in the shower? Whether you’ve got five minutes to shower or twenty-five, Flipside handheld showerhead gives you four fun ways to massage your body, lift your spirits, ease your worries or just get clean. No matter what your mood, Flipside delivers a spray to match it. Simply turn its pivoting head and Flipstream technology brings a custom, spa-like experience to the comfort of your own home.

**Four ways to play**

**Easy, reliable, fun**
With innovative Flipstream Technology, Flipside dedicates a single sprayhead surface to each unique spray. You experience full water pressure in each spray—it’s like having four separate sprays in a single shower. Changing sprays is as easy as turning the head on its axis, and each spray angle fully adjusts for the differing heights of multiple users. It’s fun for kids from five to ninety-five and easy enough for people with mobility limitations to use.
Kurrent, Spray offers a targeted massage to ease away aches and pains.

Koverage, Spray delivers full-coverage spray for everyday showering.

Komotion, Spray delivers a soothing, circular water pattern.

Kotton, Spray releases a dense, luxurious downpour of water.
