Betello™ Comfort Height® Skirted Toilet
With Revolution 360® Flushing Technology and Optional ContinuousClean
The contemporary skirted design of the Betello toilet makes it the perfect complement to any bath or powder room. And it takes toilet cleanliness to the next level with Revolution 360, flushing technology and optional ContinuousClean technology. We never compromise when it comes to toilet cleanliness or design. Why should you?

**Revolution 360 flushing technology**
This innovative flushing technology sends 360 degrees of water through the bowl for complete coverage that leaves nothing behind.

**CleanCoat™ technology**
CleanCoat prevents bacteria, mildew and mineral deposits from sticking to the bowl, so your toilet stays cleaner longer.

**ReadyLock™ installation system**
The patented ReadyLock system doesn’t require any holes to be drilled into the floor on most installations. It makes installation fast and easy.
