Pull-Down and Pullout

Kitchen Faucets

Beckon, pull-down touchless kitchen faucet
K-99332-SN
The Lifetime Limited Warranty is good for as long as the original consumer purchaser owns his/her home. To obtain complete warranty information, call 1-800-4-KOHLER (1-800-456-4537) or visit KOHLER.com/Warranty.
More Than a Focal Point

At the heart of every kitchen is its faucet. The faucet is the centerpiece; a tool that’s not only beautiful, but essential to your daily kitchen routine. That’s why at Kohler we put so much thought into designing our kitchen faucets. From our sprays to our technologies, we believe that the smallest details can make all the difference.

Our pull-down and pullout faucets are no exception. Available in a range of styles and finishes, Kohler pull-down and pullout faucets are as functional as they are beautiful. Explore the following pages and discover what makes our faucets so special.
Work Smarter
Response® Touchless Technology

Imagine owning a kitchen faucet that responds to your every need and works naturally with you. Our pull-down faucets come with Response touchless technology to free your hands so you can speed through daily kitchen tasks with ease. No guessing. No false activations. Simply put your hand under the spout and receive water where and when you need it most.

Touchless Operation
Delivers convenient and hygienic control
Tap Into Style

Kohler offers touchless kitchen faucets in two different styles to complement your decor.

Beckon®
A blend of elegant form and classic style, the Beckon kitchen faucet pairs well with a variety of traditional kitchen environments.

Sensate®
With clean lines and contemporary style, the Sensate kitchen faucet complements a range of contemporary kitchen settings.
Just Spray It

No matter what you’re doing in the kitchen, your faucet should have the right spray to help you. From intense cleanup to washing produce, Kohler pushes the boundaries of innovation to create sprays that make every kitchen task easier.

Sweep® Spray
Specially angled nozzles form a wide, powerful blade of water to clean your dishes and sink.

BerrySoft® Spray
A light spray that’s perfect for washing fruits and vegetables.

Additional Sprayhead Functions

Stream
Provides a full stream of water – excellent for filling pots or washing hands.

Ring Spray
Offers a broad flow of water for a variety of kitchen tasks.

Pause
Halts water flow so the sprayhead can be extended beyond the sink.
Master Efficiency

Our pull-down and pullout kitchen faucets come with innovative features that add convenience to your kitchen routine and provide you with more control over the sprayhead.

DockNetik® Magnetic Docking
Magnets positioned in the spout securely lock the sprayhead into place.

ProMotion® Technology
Ensures effortless sprayhead control.

MasterClean™ Sprayface
Sprayface resists mineral buildup and is easy to clean.
Home Chefs Rejoice
Tournant™ Kitchen Faucet

In a restaurant, a chef tournant is a relief cook who helps with a range of culinary duties. The professional-style Tournant kitchen faucet embraces its name nicely with a three-function sprayhead and the same innovative features you’ve come to love from our other pull-down faucets.
