Veil® Comfort Height® Intelligent Toilet

The flowing lines and balanced curves of the Veil intelligent toilet are the epitome of minimalist design. Veil’s suite of finely tuned features provides ADA-compliant, chair-height seat and incorporates an optimized pump for more powerful, consistent flushes.

CLEANSING FUNCTIONS

Warm-water cleansing
Front and rear warm-water cleansing is a refreshing alternative to toilet tissue alone and will leave you feeling a cleaner kind of clean.

Self-cleaning wand
Upon sitting down, the stainless steel cleansing wand rinses itself before use and again following use. In addition, the wand is automatically cleaned with UV light every 24 hours for hygienic assurance.

Adjustable temperature, pressure and position
Personalize your entire experience by adjusting the water temperature, pressure and spray position with intuitive controls.

PERSONALIZED COMFORT

Heated seat
The ergonomically designed seat is heated and the temperature can be adjusted for optimal comfort.

Warm-air dryer
The automatic warm-air dryer can be adjusted to customize your experience and assists in the drying process to help provide personal comfort.

Wireless touch-screen remote
The intuitive touch-screen remote allows you to program and control your own personal settings.

Hands-free lid and automatic flush
The motion-activated lid and automatic flush mean fewer germs to pick up or leave behind.

Deodorizing seat
Upon sitting down, a fan activates, which pulls air from the toilet bowl through a carbon filter to remove odors and help keep your bathroom fresh.

NIGHTLIGHT AND WATER-SAVING FEATURES

Nightlight
A built-in sensor automatically turns the nightlight on in dim light to help guide you without disturbing nighttime vision.

Water-saving flush
Choose between a 0.8-gallon flush for fluid waste and a 1.28-gallon flush for solid waste—saving water without sacrificing performance. A battery backup flush is available in the case of a power outage.

KOHLER® Intelligent Toilets

A CLEANER KIND OF CLEAN

Skirted design simplifies cleaning.

Pulsating spray alternates between soft and strong pressure to help break up and remove waste.

The easy-to-use touch-screen remote adjusts and sets personal preferences.

WaterSense®-labeled toilets use at least 20% less water than standard 1.6-gallon toilets while still meeting strict flushing performance guidelines.

All products displaying this symbol or stating “ADA-compliant” will comply with the Americans with Disabilities Act when installed per the requirements of the 2010 ADA Standards for Accessible Design, Section 604 (Water Closets) of the Act.
