Features

• Two-piece toilet.
• Elongated bowl offers added room and comfort.
• Comfort Height® feature offers chair-height seating that makes sitting down and standing up easier for most adults.
• 1.28 gallons per flush (gpf).
• Complete Solution® toilets provide everything you need in one box, including bowl, tank, seat, wax ring, and floor hardware.
• Standard left-hand trip lever included.
• Supply line not included.
• Coordinates with other products in the Cimarron collection.

Technology

• Single-flush gravity uses the force of gravity and a precision-engineered tank, bowl, and trapway to create a strong siphon during flushing.
• AquaPiston canister allows water to flow into the bowl from all sides (360 degrees), increasing the power and effectiveness of the flush.
• Flush valve's 3:2 ratio harnesses the natural force of gravity and optimizes flush performance.
• Durable canister design has 90% less exposed seal material than a 3-inch flapper, for leak-free performance.
• Light-touch canister flush requires a lower actuation force than a flapper.

Installation

• Standard 12-inch rough-in.
• DryLock™ System saves installation time and helps prevent water leakage.

Water Conservation & Rebates

• WaterSense® toilets meet strict EPA flushing guidelines, including using at least 20 percent less water than 1.6-gallon toilets.
• Eligible for consumer rebates in some municipalities.
