Features
• 1.6 gallons per flush (gpf).
• Standard left-hand Polished Chrome trip lever included.
• Supply line not included.
• Combines with the K-4347 bowl to create a complete K-3888 Cimarron toilet.
• Coordinates with other products in the Cimarron collection.

Technology
• Single-flush gravity uses the force of gravity and a precision-engineered tank to create a strong siphon during flushing.
• AquaPiston canister allows water to flow into the bowl from all sides (360 degrees), increasing the power and effectiveness of the flush.
• Flush valve’s 3:2 ratio harnesses the natural force of gravity and optimizes flush performance.
• Durable canister design has 90% less exposed seal material than a 3-inch flapper, for leak-free performance.
• Light-touch canister flush requires a lower actuation force than a flapper.

Installation
• DryLock™ System saves installation time and helps prevent leakage.
