Features

- Compact, streamlined one-piece toilet with integrated cleansing.
- Elongated bowl offers added room and comfort.
- Tankless design with direct water supply.
- Dual flush offers a choice of 0.8 or 1.28 gallons per flush (gpf).
- Stainless steel wand offers adjustable spray shape, position, water pressure, temperature, pulsate, and oscillate functions.
- Front and rear wash modes provide warm water for cleansing.
- Self-cleaning function uses UV light and electrolyzed water systems to sanitize the wand surfaces.
- Warm-air drying system with adjustable temperature settings.
- Automatic deodorization system.
- Heated seat with adjustable temperature settings.
- Motion-activated, hands-free opening/closing of seat and cover.
- Quiet-Close™ lid closes slowly and quietly without slamming.
- LED lighting illuminates the bowl to serve as a night-light.
- English-language touchscreen LCD remote control.
- Emergency flush feature for power outages.

Technology

- Dual-flush technology allows you to choose between a full- or partial-flush.

Installation

- Included components: Complete toilet and seat, supply stop valve, braided inlet supply hose, power cord, and LCD remote control.
- Standard 12-inch rough-in.
- For optimum flushing performance, a minimum water supply flow rate of 9.0 gallons per minute or 1.5 gallons in 10 seconds must be confirmed, prior to installation.
- Dedicated electrical GFCI circuit required (120V, 15A, 60Hz, 1800W).

Water Conservation & Rebates

- WaterSense® toilets meet strict EPA flushing guidelines, including using at least 20 percent less water than 1.6-gallon toilets.

Included Components

Additional Components:
- LCD remote control
- Seat
- braided inlet hose
- power cord
- supply stop valve
