Cimarron® Comfort Height®
Comfort Height® Touchless Toilet
K-6419

Features
• Flush is activated by a no-touch sensor mounted inside the tank.
• Powered by 4 AA batteries (included).
• Two-piece toilet.
• Round-front bowl offers an ideal solution for smaller baths and powder rooms.
• Comfort Height® feature offers chair-height seating that makes sitting down and standing up easier for most adults.
• 1.28 gallons per flush (gpf).
• When batteries are low, the unit will beep five times at half-second intervals when activated to indicate it's time to replace them.
• Coordinates with other products in the Cimarron collection.
• Combination consists of the K-5693 tank and the K-4347 bowl.

Technology
• Touchless module projects a field through the top of the tank lid that senses your hand, causing the toilet to flush.
• Single-flush gravity uses the force of gravity and a precision-engineered tank, bowl, and trapway to create a strong siphon during flushing.
• AquaPiston canister allows water to flow into the bowl from all sides (360 degrees), increasing the power and effectiveness of the flush.
• Flush valve’s 3:2 ratio harnesses the natural force of gravity and optimizes flush performance.
• Durable canister design has 90% less exposed seal material than a 3-inch flapper, for leak-free performance.
• Light-touch canister flush requires a lower actuation force than a flapper.

Installation
• Touchless only adds three simple steps to installation.
• Standard 12-inch rough-in.
• DryLock™ System saves installation time and helps prevent water leakage.
• Seat and supply line not included.

Water Conservation & Rebates
• Touchless has no impact on water usage.
• WaterSense® toilets meet strict EPA flushing guidelines, including using at least 20 percent less water than 1.6-gallon toilets.
• Eligible for consumer rebates in some municipalities.

Technical Information
All product dimensions are nominal.

Toilet type: Two-piece
Bowl shape: Round-front
Trap passageway: 2-1/8" (54 mm)
Water Consumption
   Full: 1.28 gpf (4.8 lpf)
Water surface size: 11-1/2" x 9-1/4" (292 mm x 235 mm)
Rim to water surface: 5-1/4" (133 mm)
Rough-in: 12" (305 mm)
Seat-mounting holes: 5-1/2" (140 mm)

Notes
Install this product according to the installation instructions.

For back-to-back toilet installations: Use only a 45° double wye fitting.
ADA, OBC, CSA B651 compliant when installed to the specific requirements of these regulations.
Plumbing codes may require elongated toilets and elongated, open-front seats in public bathrooms.
Accessibility standards may require controls to be located on the open side of the toilet.
